

Kymyzai Aidosova

PRODUCT DESIGNER (UX / AI-POWERED)

Portfolio LinkedIn k.aidosova@gmail.com

Dubai, UAE +971 55 171 0037

SUMMARY

Product Designer (UX / AI-Powered) with 4 years of experience designing mobile-first, end-to-end experiences across Fintech, SaaS, E-commerce, and Real Estate. Strong product mindset focused on simplifying complex journeys, improving usability at scale, and aligning user needs with business outcomes.

Experienced in using **AI-powered design workflows** to accelerate discovery, prototyping, and experimentation, enabling faster, data-informed product decisions. Strong cross-functional collaboration with frontend awareness (HTML, CSS, JavaScript), working closely with product and engineering teams to deliver scalable, high-impact digital experiences.

EXPERIENCE

Product Designer (AI/UX/UI)

Aurora AI | Dubai, UAE

03/2023 – Present

- Designed mobile-first **AI-powered e-learning products** across iOS, Android, and web, translating complex AI-driven functionality into clear, intuitive user experiences.
- Led end-to-end design of core user journeys including onboarding, discovery, personalized flows, and progress tracking, with strong attention to mobile usability and retention.
- Partnered closely with product managers, engineers, and AI teams to own problem spaces, validate solutions early, and deliver production-ready designs using rapid, **AI-assisted iteration** and usability testing.

Product Designer (UX/UI)

NAAS Digital | Dubai, UAE (Hybrid)

11/2022 – 03/2023

- Designed mobile-first web and app experiences for Fintech and SaaS products, including digital banking solutions for Al Maryah Community Bank.
- Led end-to-end design of core flows such as onboarding, authentication, and dashboards, balancing usability and security.
- Collaborated in fast, iterative cycles with clients, developers, and product teams to deliver scalable, production-ready designs.

UX/UI Designer (Freelance)

VOSTOK Real Estate | UAE (Remote)

10/2022 – 12/2022

- Led the redesign of a real estate website focused on improving usability and property discovery.
- Simplified navigation and user flows to streamline browsing and decision-making.
- Delivered a modern, accessible interface aligned with brand and user expectations.

RADCODE Studio | Kyrgyzstan (Remote)

- Collaborated with senior designers and product teams to design intuitive, user-centered interfaces for digital products across web and mobile.
- Contributed to UX improvements by creating wireframes, interactive prototypes, and refined visual designs, supporting iteration and validation.
- Ensured clarity, usability, and visual consistency across design deliverables, aligning with product goals and design standards.

SKILLS

AI & AUTOMATION	AI Agents · AI Chatbots · MCP (Model Context Protocol) · Conversational UX · Prompt Design · Workflow Automation · AI-Assisted Design · Rapid AI Prototyping · Design Automation
PRODUCT & UX	0→1 Product Design · System Thinking · UX Strategy · User Journeys & Flows · Information Architecture · Complex B2B / SaaS Dashboards · Desktop Web · Usability Testing · Research Synthesis · Accessibility (WCAG) · Interaction Design · A/B Testing
TOOLS & SYSTEMS	Design Systems · Figma · Figma Make · Stitch · Paper · Cursor · Claude Code · Codex · OpenClaw · Lovable · Claude AI · Miro · Balsamiq · Framer · Webflow
FRONTEND & COLLABORATION	HTML · CSS · JavaScript · GitHub · Design Handoff · Cross-Functional Collaboration

EDUCATION

UX/UI Design	01/2022 – 06/2022
Jyldyz Academy Bishkek, Kyrgyzstan	
Faculty of Trade and Economics	09/2008 – 06/2013
Kyrgyz Economic University	

CERTIFICATIONS & TRAINING

- AI for Product Designers – Interaction Design Foundation (2025–2026)
- Vibe Coding (AI-Powered Product Design) – JFBI (2025)
- Responsive Web Design – FreeCodeCamp (2022)
- HTML & CSS – HackIT (2022)
